FROM THE PRINCIPAL

Kia ora koutou,

Thank you for your support of the student-led conferences last week. This is an excellent opportunity for the students to showcase their work to whānau. You should be proud of the efforts and the progress that your children are making.

We've had quite a run of sickness over the last month. This is probably the worst we've seen and there were definitely a few things we haven't seen before. Fingers crossed that we are seeing the end of the various viruses and bugs that have been floating between our classes.

Thank you to the adult helpers who assisted with supervision and transport for the ski trip on Tuesday. We had a cracker of a day in regards to the weather. I was most impressed with the progression of the students' skiing skills. I don't think we've had a year in which so many first time skiers have progressed to the T-bar on their first day skiing.

Next week we have a dance instructor in school to work with all classes. We will be allowing students to wear baseball style caps at school for next week to fit with the theme of our learning and encourage full participation. The students will showcase their learning at a dance performance evening next Friday. This will take place at the Moutere Hills Centre near Upper Moutere. We will be starting the performance at 5:30pm. We ask that students arrive at 5:15pm having had a snack, rest and ready to perform. We look forward to having everyone joining together for this community event.

Ngā mihi nui,

Rob

Tasman Combat Dragons

We have 9 players which has meant a lot of subs each week. You have never complained about this and are great supporters of each other.

A mix of both Years 3 & 4 and yet you have all listened to instructions, taken them on board and put them into practise. They have been positive throughout the season with their attitude and always played fair. At the end of games, I have twice overheard different coaches say "what a lovely team to play".

John Tristram : Coach
 I have enjoyed coaching such a polite and positive group.
